With Mercury retrograde, be extra clear in your communications and listen carefully to what is being said. Ensure you read the fine print before signing any contracts.

Mercury retrograde is always a good time to review and reassess. It's excellent for editing and checking everything is in order. This is especially beneficial when Mercury is in the meticulous and details focused sign, Virgo.

The sextile aspect to Jupiter and Mars in Gemini from the Sun and Moon suggests this is a highly productive New Moon, when a lot

AQUARIUS FULL MOON

Uranus is the modern ruling planet of Aquarius, and at this Full Moon the maverick planet is tightly squaring the Sun and Moon. Asteroid Pallas Athena in Taurus completes a fixed grand cross, suggesting a state of tension

and the potential for the sudden release of intense energy.

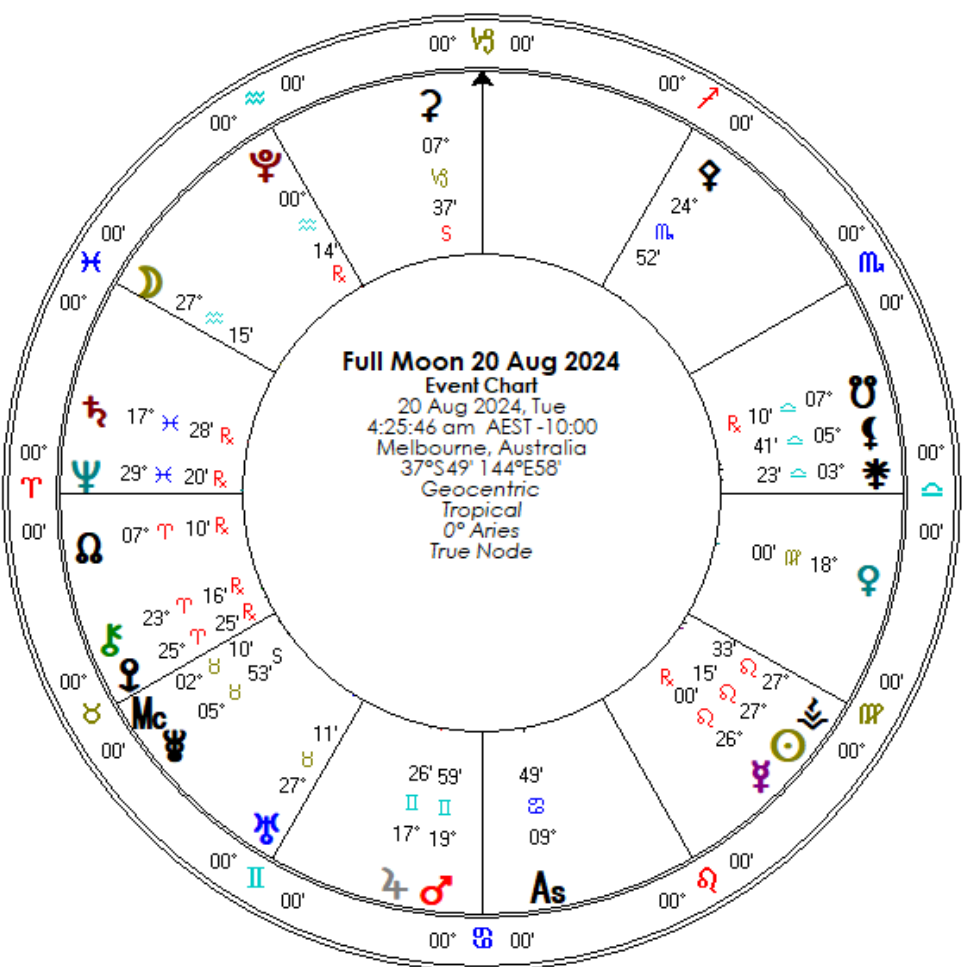

Adding to the power of this lunation, Mercury reaches inferior conjunction, plus Vesta is also tightly conjunct the Sun and involved in this fixed grand cross.

On top of this, Jupiter and

Mars are still close together and both are now squaring Saturn in Pisces. Mars-Jupiter is highly active, but the square to Saturn slows things down and delivers a sizeable helping of frustration. Plus Venus is also opposing Saturn, asking us to be mindful of how we manage our personal relationships and finances.

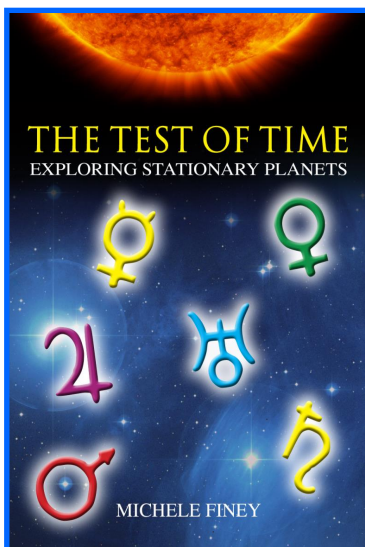

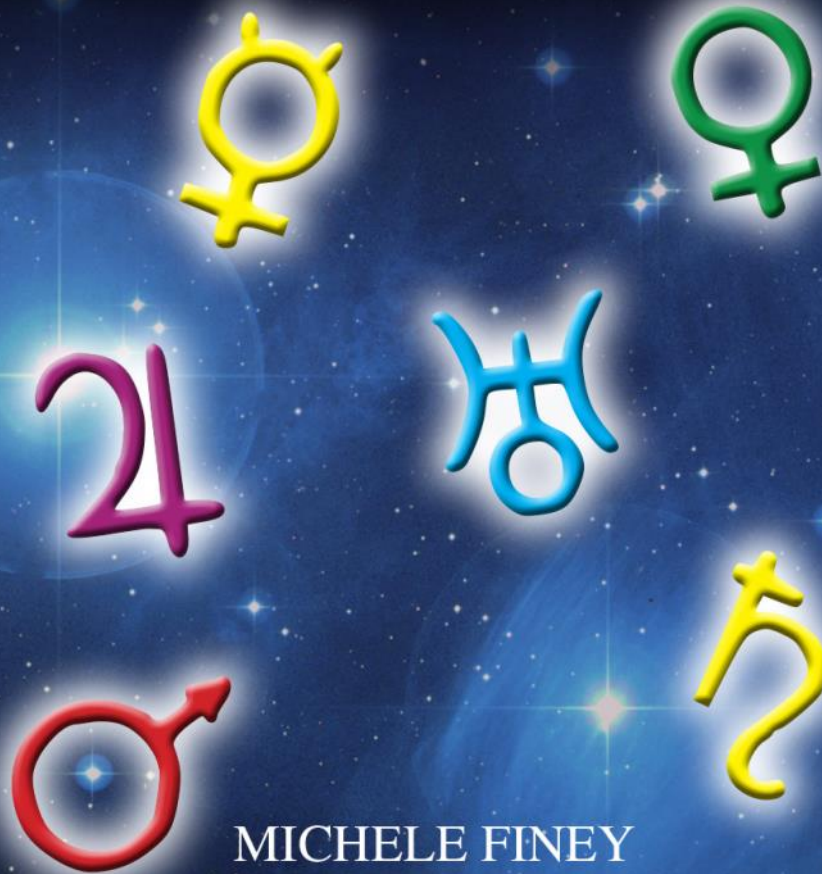

There is a lot of push-pull in this chart, and the Moon is close to perigee, although not classified as a Supermoon, it will appear larger than normal.

All this suggests we are in for a highly volatile and intense Full Moon. A lot of things could suddenly change.

US ELECTION

The turmoil in US politics continues. The recent decision to grant immunity to Donald Trump is another example of the broken system in the US. He has also had his document case thrown out, having also survived his recent assassination attempt.

natal Mars on his Ascendant. Meanwhile, transiting Pluto is right on the cusp of his 6th house of health, with the transiting Sun. To me, this foreshadows the potential for some kind of health crisis, perhaps brought on by the frustration and anger he is feeling.

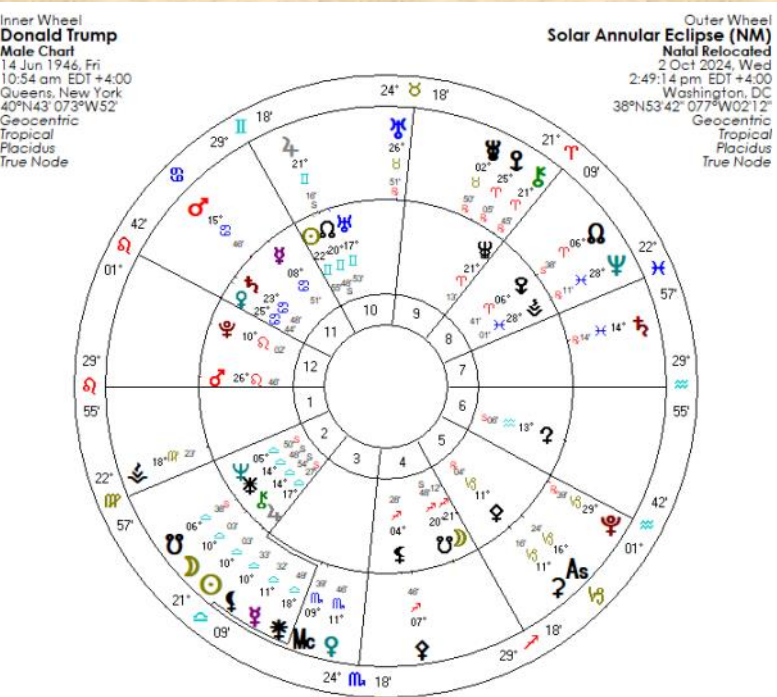

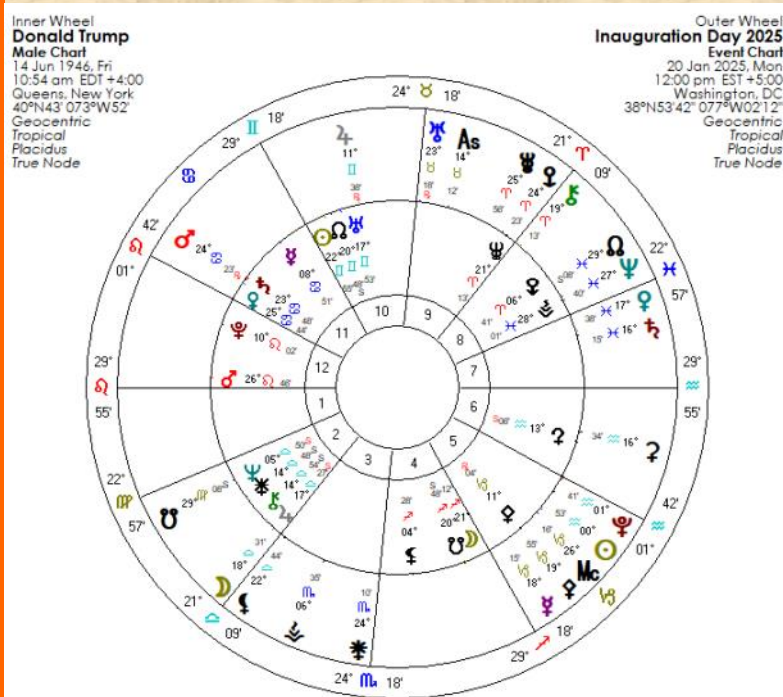

After many missteps and calls for him to step aside, Joe Biden has stepped down as Democratic Candidate and endorsed Vice President Kamala Harris.

The transiting Saturn-Venus conjunction squares his natal Uranus and by extension his Sun and Moon.

Fast forward to inauguration day 2025, when the President, whoever that is, will be sworn in.

Transiting Uranus is still crossing Trump's MC, delivering unexpected events concerning his public profile and his leadership aspirations. We saw how the transiting Mars-Uranus conjunction sparked his recent assassination attempt. Note that transiting Juno is on his IC at the time of the inauguration while Uranus still sits on his MC. **Continued next page...**

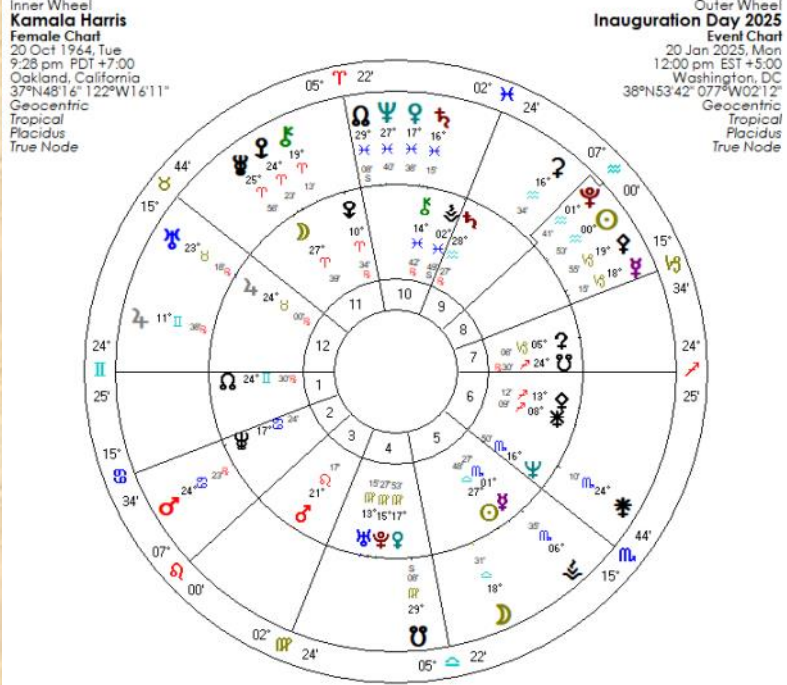

Looking at Trump's transits for the inauguration we see that retrograde Mars is aligning with his Venus-Saturn conjunction. Retrograde Mars can be frustrating, especially for someone like Trump with

Another key moment in the lead up to the November election is the October eclipse. One month before the election, we see the transiting South Node is aligning with Trump's stationary Neptune, with the North Node on his Eris, the planet of strife and discord. At this eclipse, transiting Jupiter will be on his Sun-North Node conjunction. As Trump was born on a lunar eclipse, this Gemini-Sagittarian axis is especially sensitive.

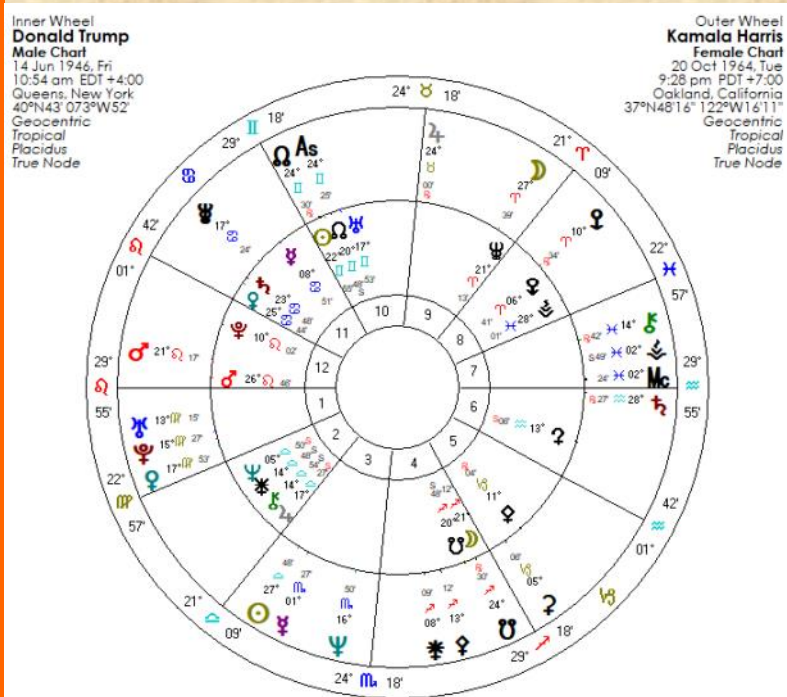

It's likely that Kamala Harris will be the Democratic candidate. That will be formally decided in Chicago this month at their convention Aug 19-22 when the intensity of this month's Full Moon will be

hit her 10th house Chiron while transiting stationary Jupiter will be on her Ascendant and her North Node. Transiting retro Mars will square her Sun and Moon, though not as exact as Trump's hit to his Venus-Saturn.

Personally, I see these transits as positive signs for her, but given the dysfunction within the US political system, I'm not ruling anything in or out. Whatever happens, the intensity around political events in the US is unlikely to cease any time soon. The US is still experiencing the turmoil of its Pluto Return.

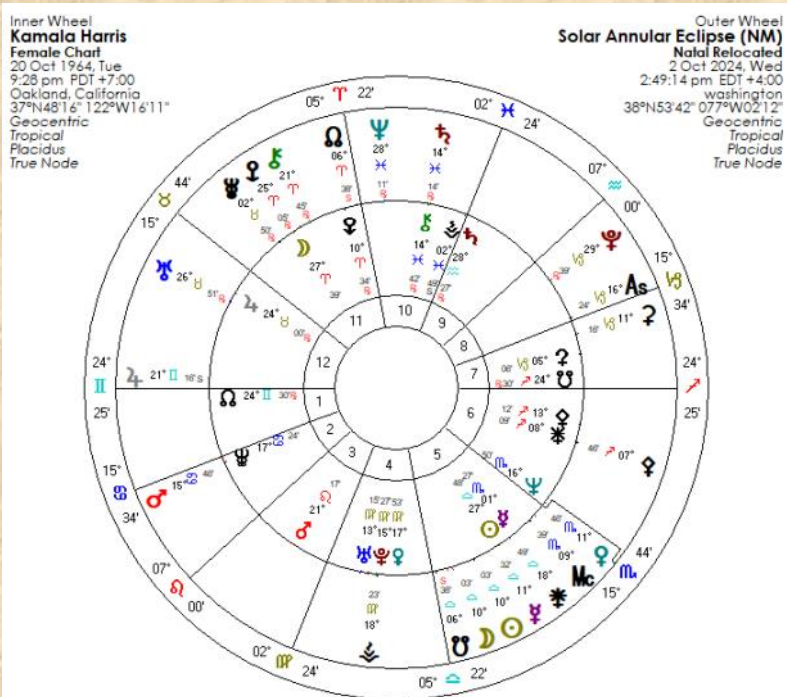

I'll be looking at the transits to the US Sibly chart in next month's INsight.

in play. Like Trump, Harris was born on a Full Moon, and there are a number of key planets activated in her chart, in fact they share many of the same planetary degrees. (See bi-wheel above). Some of these key links are her Saturn-Vesta-MC which sits on Trump's Descendant, her Jupiter is on his MC, and Kamala's Nodal Axis and Ascendant align with Trump's Sun, Moon and Nodal Axis.

Looking at her transits for inauguration day, we see transiting Uranus is on her Jupiter, the co-ruler of her MC. The Venus-Saturn conjunction will be on her Chiron and opposing her Uranus-Pluto-Venus.

At the October eclipse transiting Saturn will
